WATCHING REWARD

Example of Reward Calculation: Let's assume that a member completes the required daily task for all 365 days in a year. Here's the breakdown of the Reward for each level based on the task completion:

Light Mode Pack

- ▶ Amount: \$200
- ▶ Daily Task Links: 10
- ▶ Reward % per day: 0.6%
- ▶ Total Per Day Reward (if task is completed): \$1.2
- ▶ Example:

If the member completes all 10 tasks per day at Level 1, they will earn \$1.2 per day.

For 365 days: $\$1.2/\text{day} \times 365 \text{ days} = \438 per year.

Prime Viewer Pack

- ▶ Amount: \$500
- ▶ Daily Task Links: 9
- ▶ Reward % per day: 0.7%
- ▶ Total Per Day Reward (if task is completed): \$3.5
- ▶ Example:

If the member completes all 9 tasks per day at Level 2, they will earn \$3.5 per day.

For 365 days: $\$3.5/\text{day} \times 365 \text{ days} = \$1,277.5$ per year.

Binge Watcher Pack

- ▶ Amount: \$1000
- ▶ Daily Task Links: 8
- ▶ Reward % per day: 0.8%
- ▶ Total Per Day Reward (if task is completed): \$8

Ultra HD Pack

- ▶ Amount: \$2500
- ▶ Daily Task Links: 7
- ▶ Reward % per day: 0.9%
- ▶ Total Per Day Reward (if task is completed): \$22.5

▶ **Example:**

If the member completes all 8 tasks per day at Level 3, they will earn \$8 per day.

For 365 days: $\$8/\text{day} \times 365 \text{ days} = \$2,920$ per year.

VIP Streamer Pack

▶ **Amount: \$5000**

▶ **Daily Task Links: 6**

▶ **Reward % per day: 1%**

▶ **Total Per Day Reward (if task is completed): \$50**

▶ **Example:**

▶ If the member completes all 6 tasks per day at Level 5, they will earn \$50 per day.

For 365 days: $\$50/\text{day} \times 365 \text{ days} = \$18,250$ per year.

▶ **Example:**

If the member completes all 7 tasks per day at Level 4, they will earn \$22.5 per day.

For 365 days: $\$22.5/\text{day} \times 365 \text{ days} = \$8,212.5$ per year.

Golden Screen Pack

▶ **Amount: \$10,000**

▶ **Daily Task Links: 5**

▶ **Reward % per day: 1.2%**

▶ **Total Per Day Reward (if task is completed): \$120**

▶ **Example:**

▶ If the member completes all 5 tasks per day at Level 6, they will earn \$120 per day.

For 365 days: $\$120/\text{day} \times 365 \text{ days} = \$43,800$ per year.

CONDITIONS

MATCHING REWARD

- ▶ **Matching Reward** - To qualify for the matching Reward, a user must have at least two direct referrals (direct members). The system will track the purchases of the direct referrals and match the common package value to generate matching Reward. Once the matching condition is met, the user earns a 5% matching Reward on the matching amount.

- ▶ **Step-by-Step Process:**

Direct Referrals Requirement: To qualify for matching Reward, a user must have a minimum of two direct referrals. Each direct referral will have a specific package that they have purchased (for example, \$500, \$1000, etc.).

Matching Condition: When a new direct referral joins and makes a purchase, the system will check for common values in the packages of the direct referrals. The matching amount is based on the lowest value of a common package between the direct referrals.

- ▶ **Matching Reward Generation:** Once a match is found between the direct members, the sponsor will earn 5% of the matching value.

- ▶ **Step 1: Matching Between A1 and A2**

A1 has a package worth \$500 and A2 has a package worth \$1000. The system matches A1's \$500 with A2's \$500 (the smallest matching value).

A's Matching Reward - 5% of \$500 = \$25.

- ▶ **Step 2: Carry-Forward Business for A2**

After matching A1's \$500 with A2's \$500, A2 still has a remaining balance of \$500 (from the original \$1000). This remaining \$500 becomes carry-forward business for A2.

▶ **Step 3: New Business Matching (A3 Joins)**

Now A1 brings in a new direct referral, A3, who purchases a \$300 package.

A2's carry-forward business of \$500 will first match with A3's \$300 package. After this match, A2 will have a remaining balance of \$200 from the carry-forward business.

A's Matching Reward: - The match of \$300 (from A2's carry-forward) generates 5% of \$300 = \$15.

▶ **Step 4: Remaining Carry-Forward Business**

After the match with A3, A2 has a remaining \$200 of carry-forward business.

This \$200 will now be carried forward and matched with A4's package when A4 joins.

▶ **Step 5: Next Direct Member Joins (A4)**

When A4 joins and purchases a package worth \$400, the system will use A2's carry-forward business of \$200 to match with A4's package.

A's Matching Reward: - The match of \$200 generates 5% of \$200 = \$10.

After this match, A2 will have no remaining carry-forward business, and the matching process will start fresh for A's future direct referrals.
